all supplies included

4 class package: \$80
no membership
needed

masks optional

At Pine Shores Art Association, we want to see your kids **love** and **confidence for art** grow and grow! Please have your artist join us this August!

This summer, we'll learn about **artists and their creative processes**. While utilizing the art elements, we'll **encourage** the young artist's own **creative self-expression and independence** in each lesson.

Our artists will paint on professional easels, use a variety of colorful artists mediums, and learn the art of printmaking. **We will be offering new and exciting projects for our artists each week!**
