## PRESIDENT'S MESSAGE

**By Nancy Edwards**

Like a Poet or Writer, artists tell a story through their work...but without words. Think about... What story are you trying to tell? Did you experiment with various color combinations? Did you do value studies to then decide which one would best support your work? What time of day is it? What shapes/textures do you want to portray? What kinds of edges will best represent your topic? Did you think about the various principles of design and elements of art?

As an instructor, I often see students so excited about getting started they forget to think through these valuable initial steps which will best tell their art story. Slow down...put your brush down... be patient... and think through the process. In the end, you will save yourself a lot of time and create your best work.

PSAA artists who are serious about improving their skills are patient... they plan and practice. These artists incorporate new techniques and products into their art. They take chances and are often very surprised by the impact it makes. So while taking a class...experiment...make mistakes...challenge yourself...and continue to grow as an artist! The alternative... stay within the safety net of what you already know.

## THE NEW MEMBERSHIP COMMITTEE WANTS YOU!

Thanks to the recent efforts and input from our membership, PSAA is taking some new directions and is looking for volunteers to take on new challenges.

- Looking for members to serve on our Membership Committee. The only qualifications are... to have a caring heart for PSAA... be friendly and help welcome new members at meetings and classes... be willing to share how things work in our association... help plan "Get to Know You" activities... and encourage new members to volunteer. In other words, do unto others as... *In addition, we need members with computer skills to help register members.* Please contact Nancy Edwards, [nancy.edwards@comcast.net](mailto:nancy.edwards@comcast.net), or at 908-458-1468. Be sure to put in the subject line, "Membership Committee".

- Coming Soon—Some folk signed up as "Information Gatherers" at our June General Meeting. You haven't been forgotten. Our PR Team is putting together an expanded library program and they (Suzi Hoffman & Barb Kraemer) will be reaching out soon to you for help. More details coming soon but anyone interested in participating in coordinating exhibits at libraries and other around-the-town places should contact either Suzi or Barbara.

\* **Newsletter changes: Please note NEW EDITOR—Barbara Saporito** takes over the helm from Barbara Kraemer beginning with our next issue (November) of Artistically Speaking. ## PSAA FINANCES

A new committee met to review the finances of PSAA. In doing this, we are evaluating *all* of our expenses to determine what our grants and membership fees cover. Once complete, we will need to make appropriate changes to meet the needs of our membership and keep a balanced budget. A big savings came from moving to electronic newsletters. For those who must have a hard copy, we will try to continue to honor that. *Did you know that major magazines are switching to only online versions?* Thank You for your understanding in trying to help us stay balanced!

## Note from Education

**PLEASE DO NOT SHOW UP** more than 15 minutes ahead of class or workshop start time. Instructors need this time to set up and early arrivals disrupt the flow. Thank you.

**PLEASE COVER THE TABLES** for **ALL CLASSES/WORKSHOPS**. Your tool box **MUST** include table coverings and floor covers under easels! Help keep our gallery presentable—it's the only one we've got. Thank you.
